**Ravenna** + *Ubiq*

## Connect Ravenna Admissions® Directly to Your School's Website

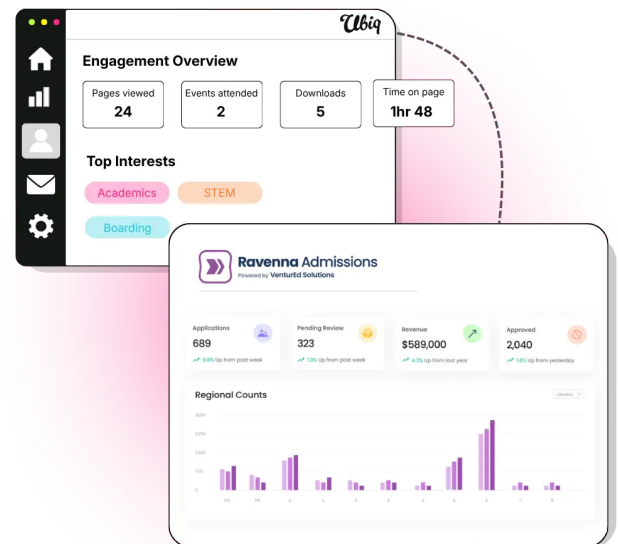

Turn website engagement into enrollment opportunities faster with real-time inquiry synchronization between Ubiq® school websites and Ravenna Admissions.

### From First Click to First Conversation

The Ravenna Admissions + Ubiq integration automatically transfers inquiries submitted on Ubiq-powered school websites into the Ravenna leads module, giving schools instant visibility into prospective families so they can respond quickly, build stronger connections, and streamline enrollment.

#### Built for Faster Enrollment Engagement

- ✓ Instant inquiry delivery into Ravenna Admissions
- ✓ Reduced administrative workload
- ✓ Quicker follow-up with prospective families
- ✓ Better insight into what drives enrollment results

1

**Website visitors become inquiries.**

Families discover schools through a Ubiq-powered website, exploring content, events and admissions information before submitting an inquiry.

2

**Inquiry data is captured.**

Prospective family details are collected through the website while Ubiq's advanced marketing AI builds a first-party inquiry profile.

3

**Information flows into Ravenna.**

Inquires are automatically transferred into the Ravenna Admissions leads module in real time, eliminating manual exports, CSV files, and duplicate data entries.

4

**Admissions teams take action.**

Ravenna creates or updates the inquiry record automatically, enabling admissions teams to begin personalized outreach and follow-ups immediately.

## Designed to Work Together

When school website and admissions platforms work together, families receive faster, more personalized engagement while admissions teams gain the efficiency and insight needed to drive stronger enrollment outcomes.
